

On 6 Nov 1967

4 December 1967

MEMORANDUM FOR: Deputy Director of Special Activities

SUBJECT : Recommendations Following Visit to [redacted] 25X1A
On 13 November 1967

25X1A 1. Visited [redacted] in company of [redacted] LAC 25X1A
Flight Surgeon.

25X1A 2. Base has approximately [redacted]. Of these 25X1A [redacted] of non-Government variety. Lockheed personnel had indicated some dissatisfaction with medical coverage. There had been several situations which had emphasized this feeling; one being a case on a weekend when a man had lost consciousness and there was no medical assistance available, and another case of a long laceration of the arm which had to be resutured on arrival [redacted]

25X1A 3. [redacted] is Project Flight Surgeon but he cannot be on duty 24 hours per day, 7 days per week. In addition to primary mission of taking care of Project Pilots, he sees approximately [redacted] on sick call each week. He also has responsibility for [redacted]

25X1A
25X1C

25X1C [redacted] has a very small consulting room in a hangar which has adjoining examination and treatment room which is about 7x12 feet and contains regular size clothes washing machine, electric refrigerator and very large double cabinet. Room contains an examining table on which it might be possible to get a small-sized person on table.

There is no room for expansion into hangar or P.E. room.

25X1A 4. Prior to about 2½ years ago an Agency medical technician was always assigned to this site. We discussed necessity of reassigning a medic here with Operations Officer, Chief of Support, [redacted], Senior LAC representative and [redacted] 25X1A [redacted] was not present but Operations Officer discussed subject with him and all concurred in desiring that an Agency medic be assigned as soon as possible after slot allocated. In discussion with [redacted] medic's duties would be as follows:

25X1A

SUBJECT: Recommendations Regarding [redacted]

25X1A

25X1A a. Support [redacted]

25X1A b. Cover base on alternate weekends to relieve [redacted]

25X1A c. To see minor sick call [redacted] to give [redacted] more time to devote to pilots, etc.

25X1A

25X1 d. Provide written reports for IAC as well as other [redacted] personnel.

25X1A e. Liaison covertly with Agency Station Medical Officer who will give guidance as to treatment and [redacted] in emergencies.

f. Assist in P.E. and survival activities

RECOMMENDATIONS

25X1A 1. If P.E. trailers presently at [redacted] are not sent to [redacted] suggest that a new small separate building be built to house medical staff.

25X1A

2. Recommend that a slot be obtained at [redacted] medical technician be requested from the Office of Medical Services (Director of Medical Services has indicated his approval of assigning a medic).
